

Jinjiang Lianxing Reflective  
Material Co.,Ltd

# Brief Introduction

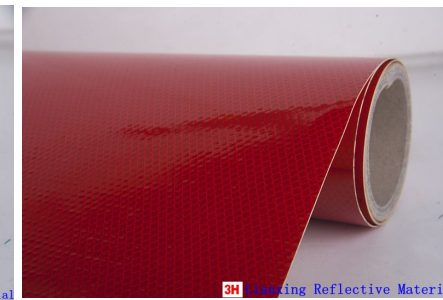

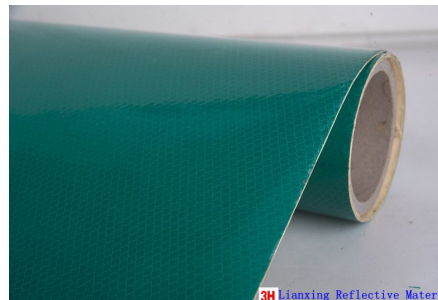

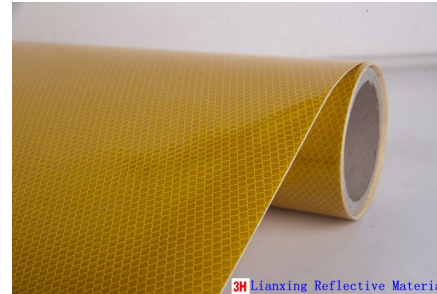

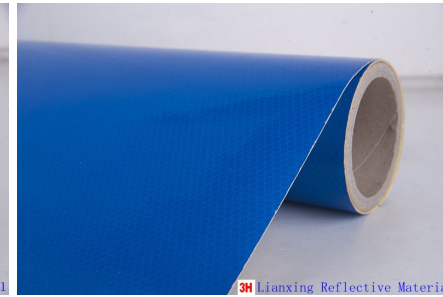

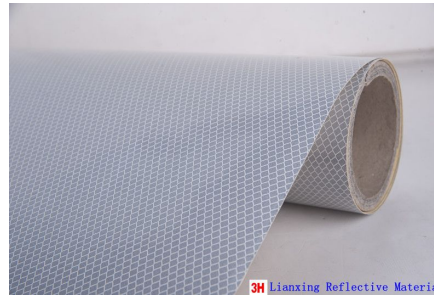

- Jinjiang Lianxing Reflective Material Co., Ltd, founded in 2000, is the top manufacturer of micro-prismatic reflective materials in China which focus on research and development, production and marketing. With more than 10 years' development, we have become the largest production base of reflective micro-prismatic materials in China. Our company covers more than 100,000 square meters, owing 8 automatic production lines. Our main products include all kinds of reflective sheeting for road traffic signs, reflective printable banner material for signage, reflective vehicle conspicuity tape, luminous film, reflective prismatic sheet, reflective prismatic tape and other reflective materials. Our products are widely used in roadway signs, warning signs, vehicle body sticker, advertising signage, safety clothing, shoes and decoration. With the effort of professional technicians, our company launch two to three new products annually to meet the demand of the quickly-changed market. The most feature of micro-prismatic reflective materials is that it is high visible in the dark condition with the light source. So we are always indicating to manufacture high quality reflective materials strictly according to the national and international standards. With the premium quality and excellent service, we have gained a good reputation from all of our customers. Since now, we have been exported our products to more than 30 countries and regions. In the concept of safety, responsibility and reliability, Lianxing reflective material company warmly welcome customers from all over the world to cooperate with us.
