Quotation of HFW-200T Truck Mounted Hydraulic Drilling Rig

To: _____

From: Hanfa Group

Attn: Mr Youssoufa

Attn: Jenny

Country: Cameroon

Date: 2016.07.28

Model	Picture	Description	Qty(set)	Unit price (USD) FOB Tianjin
HFW-200T		As Below Truck by SINOTRUK Model 6x4	1	\$ 115,646
		Total price (USD)		\$ 115,646
Price term	FOB Tianjin port ,China (including all package fees)			
Delivery time	30 days after getting payment			
Payment term	T/T before shipping			
valid date	30 days			
Remark	Fitting list as following			
Bank Information	BENEFICIARY: ZHENGZHOU HANFA PROSPECTING MACHINERY CO.,LTD ADDRESS: NO. 7, DONGQING STREET, HIGH-TECH ZONE, ZHENGZHOU CITY, HENAN PROVINCE, CHINA TEL: 0086-371-55019184 FAX: 0086-371-55019599 ADVISING/NEGOTIATION BANK: BANK OF CHINA, ZHENGZHOU HIGH-TECH ZONE BRANCH SWIFT CODE: BKCHCNBJ530 BANK ADDRESS: NO.87, RUIDA ROAD, HIC PROVINCE, CHINA ACCOUNT NO.: 263721884788			

Add: Yulan Street,High-Tech Zone, Zhengzhou City, Henan Province, China

HFW-200T Truck Mounted Hydraulic Multi-Functional Drilling Rig

HFW-200T is a kind of light and high efficient multi-functional water well drill rig mounted by SINOTRUK , it is widely used in engineering construction for drilling wells, monitoring wells and ground-source heat pump air-conditioner, and also applied in hole blasting, bolting and anchor cable,etc.

The rig is a unique patented products: Top drive rotary power head and a hydraulic rotary disk rotating mechanism, hydraulic motors, hydraulic winch chain propulsion for deep hole drilling in institutions and mast. The driller adopts the rotary drilling technology of reverse circulation drilling technology, mud, compressed air DTH hammer drilling technology, can finish cover layer, sand gravel, sand, rock layer stratum, large diameter deep hole construction. The drill, drill pipe rack lift unloading, leveling supporting legs, lifting, walking and other auxiliary movement by the hydraulic system, not only can improve the working efficiency, and reduces the labor intensity of operators.

Characters :

- * Guide lane matches with roller skate, it can reduce the sliding resistance, and also reduce friction and improve the lifetime of extension guide.
- * Hydraulic power head and a hydraulic rotary disc motor chain, drilling and hydraulic winch binding, new drilling method, reasonable power matching.
- * Set covering layer, stratum two kinds of method in one construction drill
- * Traveling to tracked self-propelled structure, optional 6x4 heavy truck to car type well drilling.
- * The rig is very convenient with air compressor and DTH hammer, using compressed air DTH hammer drilling technology, complete the bedrock drilling operation.
- * The rig is equipped with patent technology hydraulic rotary disk, mud pump, hydraulic winch, the mud can be completed normal circulation drilling technology.
- * Drill carriage slipway and roller skate matching, Namely, reduce sliding resistance, and reduce the slide wear. To extend the service life
- * Two-speed hydraulic regulation is used in rotary, trust, lifting, shall make drilling specification more match with well working situation.
- * Hydraulic system equipped with separate air-cooled hydraulic oil cooler, and can optional install water cooler to ensure hydraulic system keep continuous and efficient operation under the high-temperature weather conditions of different regions.
- * Four strengthened hydraulic jacks can become self loading system, to ensure rotation easy and save lifting costs.

发动机功率	Kw	Engine power	110
最大钻孔深度	m	Maximum drilling depth	200
钻孔直径	mm	Borehole diameter	岩层100—200, 土层500—1000
工作风压	Mpa	Working air pressure	1.05~2.46
耗气总量	m ³ /min	The total gas consumption	16~30
进尺效率	m/h	Drilling efficiency	10~25
钻杆长度	m	Length of drill rod	3
钻杆直径	mm	Drill pipe diameter	Φ89/Φ108
从动钻杆	mm	The driven rod	108x108
轴压力	KN	Axial pressure	120
提升力	KN	Lifting force	120
推进液压卷扬	KN	Hydraulic hoist	100
慢进、慢升速度	m/min	Slow down, slow speed	9.2
快升、快进速度	m/min	Rise fast, fast forward speed	50
动力头回转扭矩	Nm	Power head of rotary torque	5400
下回转液压转盘	Nm	Lower rotary hydraulic turntable	35000
回转转速	r.p.m	Rotary speed	0~50、0~100
液压泥浆泵	L/min	Hydraulic mud pump	250
行走速度	km/h	Walking speed	3
爬坡能力	°	Climbing ability	20
主机质量	KN	Host weight	7200
主机外型尺寸	mm	Mainframe exterior size	5700x2100x3200
