Dog Food Process Line LT65 Capacity (150kg/h)

Description

Dog food processing line is foodstuff equipment researched and developed on the basis of international advanced technology. The performance and quality have reached the highest international level of the same line. From feeding materials, extruding & inflating, conveying, roasting, flavoring to finished products are done once time with automation. We fill the gap of the first-class food produced with extruded & inflated technology.

The detail of dog food processing line is as follow:

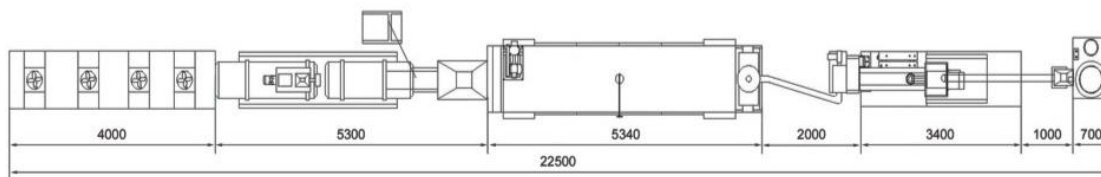

1.The process line including the equipment

Flour mixer--double screw extruder--oven--flavoring machine--cooling machine

Flow Chart

Number	Equipment	Technical Parameter	Quantity	Price
1	Flour Mixer 	Material: Stainless Steel Power: 3kw Capacity: 20kg/batch time Function: Mixing various flour and water	1	600
2	Screw Conveyor 	Power: 1.1kw Capacity: as per the extruder Dimension: 2000x550x2300mm Function: conveying mixture to extruder	1	1,500
3	LT65 Double-screw extruder 	Model: LT65 double screw extruder Motor power: 22kw Feeder power: 0.75kw Cutting power: 0.75kw Oil pump power: 0.37kw Heating power: 10kw Capacity: 150kg/h Screw Diameter: 65mm Screw Length: 1050mm Feeder: double-axis stainless steel, speed controlled by inverter Have lubricating oil cooling system Main motor: Siemens(china) Inverter :Delta Cover: 1.2mm SUS20 Function: to get the materials to cooked and extruded	1	8,500

7	Cooling machine 	Power:0.75kw Length: 4000mm	1	1,800
Total price USD 25,700FOB Qingdao(electronic type) Total price USD 29,200 FOB Qingdao(gas type)				

1.Products: This processing line can be used to produce many kinds of pet food, such as floating fish food, dog food and cat food, and also can produce other animal food.

Output: 150 kg/h

1. Flow chart:

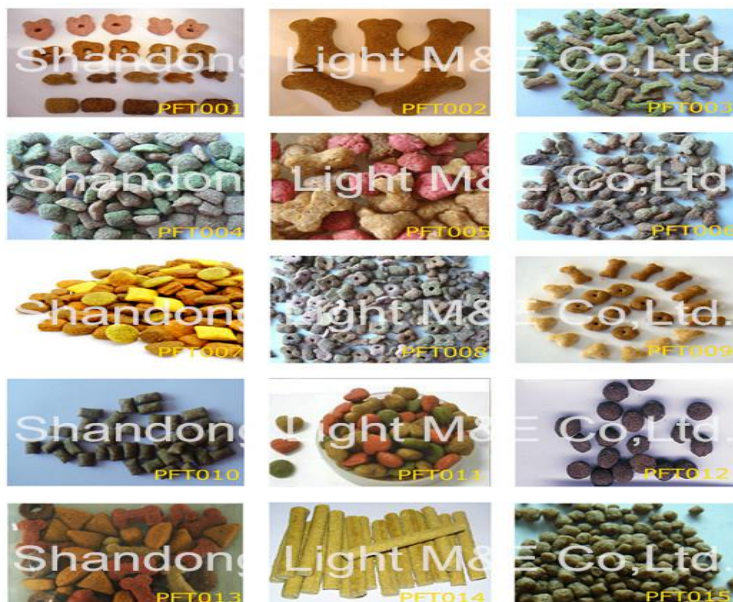

Mixing→ extruding & inflating →conveyor → drying →
flavoring→cooling

4. Installation: We will send engineer to the buyer's factory for a 10-day period installation and training to the operators. All the related expenses will be on the buyer's account. The installation fees is USD80 each person per day.

5. Delivery time: one month
