

## YH-G9060 Laser Engraving&Cutting Machine

- ✓ Certificates: FDA ,CE
- ✓ Min order: 1PC
- ✓ Packing: 1PC/wood case
- ✓ NW/GW: 240kg/350kg
- ✓ CBM: 3.3
- ✓ Time of shipment:  
Date agreed by the buyer and seller.
- ✓ Terms of payment: Telegraphic Transfer (T/T).

### The Quotation(EXW Beijing) :

Model	Parts included	picture	EXW (USD)
YH-G9060 (80W laser tube)	Motorized up and down platform, red light positioner, water chiller 3000, air pump, exhaust air fan, air tube.		USD3450.00

Note: The offer is valid for two months.

**Parameter:**

Model	YH-G9060
Laser type	Sealed CO2 laser tube
Laser power	80W LASER TUBE
Engraving area	910*545mm(35.83"*21.46")
Cutting area	950*545mm(37.41"*21.46")
Appearance size	1430*1100*330mm(56.30"*43.31"*38.98")
Engraving speed	50-50000mm/min
Cutting speed	0-18000mm/min
Cutting thickness	0-20mm
Characters	1.5mm English letter, 2.0mm Chinese character
Positioning precision	±0.01mm
Electric lift platform	Adjustable height of 350mm
Format support	AI、BMP、PLT、DXF、DST etc
Power supply	AC220V± 5% / 50HZ-60HZ

**Applicable industries**

Packing printing: papr carton, knitting bag, handbag, rubber board for printing.

Advertisement: acrylic cutting, label making, double-colored board engraving.

Art and gift: wood, bamboo, image, ornament, prize's engraving.
